

## TRI-HOSPITAL DREAM LOTTERY BACK TO BENEFIT MANITOBANS

*The foundations of HSC Winnipeg, HSC Children's Hospital, and St. Boniface Hospital launch Manitoba's largest hospital lottery yet*

**April 27, 2017 – Winnipeg, Manitoba** – For the second year in a row, three of Manitoba's biggest hospital foundations are teaming up to bring you the 2017 Tri-Hospital Dream Lottery: the province's largest hospital lottery yet.

"The Children's Hospital Foundation of Manitoba is thrilled to once again partner with the St. Boniface Foundation, and HSC Foundation to achieve more advances in medical care for our patients," says Lawrence Prout, President & CEO, Children's Hospital Foundation of Manitoba. "Patients like our Champion Child Logan, who fought back from a horrific car crash, depend on the highest quality of care to survive and thrive. Without additional support from lottery subscribers and donors, miracles like Logan's would not be possible."

"Thanks to support from the community, including through our lottery program, our three hospitals have a tremendous impact on patient care in our province," says Jonathon Lyon, President & CEO of the Health Sciences Centre Foundation. "From life-saving technology, to promising new research, and world-class programs and services, each of us is here when you and your loved ones need us the most."

"We're proud to continue this collaboration that Manitobans had asked us for," says John Graham, Board Chair of the St. Boniface Hospital Foundation. "By supporting each other, we support more patients than we ever could alone."

For this year's Tri-Hospital Dream Lottery, one Grand Prize winner will choose between:
